## SENIOR CLASS OFFICERS.

As the time for Senior Elections is near at hand, we beg to offer a few suggestions. In the first place let there be an entire absence of divisions and combinations, or in other words, politics. It should be the desire of every senior class that its class day be representative of itself and the members chosen to take the most conspicuous place should be chosen respective of nothing but true personal worth. For the last two years this has not been observed. In 1893 the officers were elected by a plurality vote, that is the man receiving the highest number of votes out of a multitude of nominations were elected. If we remember correctly nine men out of a class of twenty-five controlled this election by nominating various persons and then turning right around disavowed their nominations by centering on some one candidate (known among themselves) and electing him. Thus the class of '93 was not represented on its class-day. In 1894, though the officers were elected by a majority, the class-day was not representative. In reality only one man represented the class of '94. We are all familiar with the circumstances. Had the other faction triumphed the result would have been the same. Last year the senior exercises, with one exception, were a failure. It remains for the class of '95, in the light of the above, to set the example for future classes of a class-day which in truth shall be representative of its best qualities. Require a majority or a two-third vote for election. By all means give the Prophet, Historian and Poet's places to the best writers. Don't stand back on ugliness, because you think it does not look well on the stage. On the other hand, good looks without any other characteristic, is far worse on the stage. Beware of the pretty boy. But of all persons to be shunned are the popular ones, or the ones whose sole characteristic is popularity. Upon class examination their popularity will vanish, and you will wonder that you ever thought them popular. If popularity is backed by a good reputation all is well. It is indeed a gruesome spectacle to see boys sacrifice all they possess, including honor, for the gratification of their desire for popularity. We have such in our midst, they exist every where, they should be checked even if it ruffle their feelings and detract from

our reputation. It will do them good in the future. A college boy's course is a good indication of his future usefulness. How eager he should be to be corrected and led in the right path! But the point is this: Let the class of '95 rise above the petty jealousies of college life and give us a class-day which in every sense of the word shall be representative. In so doing they will honor themselves and set a good example for succeeding generations.

## ATHLECTIC COMMITTEE.

H. H. Smith. H. H. Peevey;  
H. Bickerstaff. H. H. Kyser.  
J. H. Wills. W. R. Shafer.  
H. W. Taylor.

This above list is the atheletic committee that has been elected this year from the various fraternities and non-fraternity men, and we hope, to soon hear of the good work they are expected to do.

With the beginning we have made this year, it should indeed be made a prosperous one in athletics. Efforts should be made immediately to have a better gymnasium. Any one visiting our present excuse, would certainly be amused at our pretensions in calling it by this name.

Our field athletics with a little incentive could be made second to none in the South. The material, we certainly have. Some of our records on our first field day last May will compare favorably with the best. 10 3-5 seconds is not the fastest running by any means, but the Yale-Oxford contest was but 1-5 of second better, the time being 10 2-5.

10 ft 10 in. is the world's record for the standing broad jump, and a man that jumped 10 ft. 3 in., is not so very far behind.

Our other records, also, can compare with any other Southern college, and will be much better this year since there was no training done whatever. Such a thing as training we know nothing of at all, as was shown in some of the races, some of the men being very sick after the runs. Experience being the best teacher, this year we will have nothing of the kind.

Then why are we more hopeful about this year?

Because, first, we have the same material we had last year, which made their records untrained.

Secondly. It is a fact that the same men trained can do far

more than they can untrained. So we see no legitimate reason why there should not be a decided improvement in the whole tone of our field sports.

We hope to be able to get up a good baseball team; indeed we can offer no excuse if we do not. Heretofore the greatest reason was we had no proper practice ground; but now, our campus has been leveled and we have as good a ball ground as could be desired; and since we have taken such a prominent position in every other line of athletics, we now consider a ball-team a necessity in upholding our reputation.

So with these few suggestions for our advancement and betterment, we leave the remainder to the discretion of our committee hoping they will not be long in making out a line of work for themselves in this department of our athletics.

## OUR NAME.

The Alabama Polytechnic Institute and the A. & M. College of Alabama. These are the two names that we as an institution of learning call our own. And in view of the fact that we are justly entitled to the use of both, some very humorous and absurd things have happened. But it is not the purpose here to enumerate any of them—many that could happen are perfectly obvious—we merely intend to call attention to the fact that there is a vast deal of absurdity in the use of the two names, except on state occasions, and to make an appeal for some kind of uniformity. That it is important that we use but one name is readily seen, and many reasons could be mentioned to show the advantages of having but one. People at a distance without the circle of our reputation, would have no reason to associate two separate and distinct names with one institution as ours, and scarcely anything can be so damaging to our interest as to have our reputation divided between two names. What we should do is to adopt one of our names use and preserve the other, if it must be preserved, merely as a token of the past—it is good for nothing else.

Of the two names, we are partial to "The Alabama Polytechnic Institute," and think this should always be used in designating our college. "A & M. College" we do not like because there is nothing in it to distinguish us from

many similar institutions throughout the Union, and it is a fact worthy of notice that most of these institutions have not been the most "bluming successes." As a general thing their progress has been slow, and their standard much lower than what we are willing to accept as ours. So "The A. & M. College," as a name, would, by associating us closely with all A. & M. Colleges, tend to place us on the same level that they occupy. We say it in no spirit of idle boasting but one of righteous pride.

We have surpassed ourselves as an A. & M. College, and to continue that name when we have one broader and more impressive of our increased facilities for better work, is little less than folly. Alabama Polytechnic Institute is a name conferred upon us by a special act of our trustees, setting us apart from other A. & M. Colleges, and placing us on a higher plane of work. Let us use it.

No attempt has here been made to arrange any exhaustive argument to prove that "Alabama Polytechnic Institute" is a better name than "A. & M. College," but we believe that a study of the pros and cons will justify our position in the minds of our readers. Let us all resolve to use "Alabama Polytechnic Institute," and stick to it.

## Y. M. C. A.

The last two meetings were very interesting ones indeed. On Dec. 9, Cadets Beeson, Slaton and Groves led the meeting with well selected subjects, practically treated, and were followed by a short talk by the president. All showed that they had thought of what they wanted to say and said it in a manner which all enjoyed. Such talks as these should have a prominent place in the association work; for none know the needs of college boys so well as college boys, and besides, it is a good training for the speakers. During the meeting Prof. McKee, by request, entertained the association with a short talk.

The last meeting was lead by the Rev. Mr. Hoke, the Episcopal preacher. Because of the inclement weather, and we believe, examinations during the following week, the attendance was small. The subject was taken from Matthew XVII, being the transfiguration of Christ. It is to be regretted that more were not present than was. This was the last meeting of the year.

# THE ORANGE AND BLUE

Published by the Wirt and Websterian Literary Societies on the First and Third Wednesdays of each month at the Alabama Polytechnic Institute.

WIRT: JAS. A. DUNCAN, Editor-in-chief.  
WEBSTERIAN: L. S. BOYD, Co-Editor.  
Associates,  
R. C. CONNER, H. H. PEEVEY,  
R. H. ADAMS.  
Business Manager, W. W. MOORE.

SUBSCRIPTION \$1 PER SESSION.

ADVERTISING RATES UPON APPLICATION.

All contributions for THE ORANGE AND BLUE should be sent to the Editor-in-chief at least one week before the date of issue if designed for publication in that number.

All business should be addressed to the Business Manager.

We will be glad to receive the subscriptions of all the Alumni and friends of the College receiving a copy of this issue.

Entered at the Auburn Post Office as second class mail matter.

This issue of the ORANGE AND BLUE is the last in the year 1894. Before we leave, the editors desire to thank the students and others for the encouragement shown them so far. It is to be hoped that this will continue throughout the session. Our next date of issue is Jan. 2nd, when we will be with you again. We will need all the support we can get, and our patrons can give, for the foot ball season is over and athletics will be at a stand still for a while. So it may at times tax us to the utmost to keep the paper newsy and interesting. But there is no reason why we cannot succeed. We would urge upon all those who have any ability to do so, to contribute something for the paper. We will welcome anything from the students and alumni especially, acceptable for publication. Do not be backward and let your talents decay for want of use, but improve by use all that you have. At one time we had hopes of being able to change from a semi-monthly to a weekly, but under the present circumstances we would not be justified in doing so. We are sorry to say that we have not received that support from the town people that we expected and that we should have received. Without becoming personal at all we say that it shows a very poor spirit for those who owe their success to the presence of the college in Auburn, not to lend their support to anything calculated to help the college as much as a college paper undoubtedly does. Again we would urge those interested in our welfare to read the advertisements in our columns and where possible patronize those who advertise with us, in preference to others.

ronize those who advertise with us, in preference to others.

We always note with pleasure any honor that is placed upon one of our faculty. Gen. Lane is now at work on a history of his old North Carolina regiment at the request of a committee appointed to get up a complete chronicle of North Carolina's part in the late war. It will be published under the direction of the legislature of that state. The General is very proud of his connection with this regiment, and justly so. Twice without any solicitation on his part, and at first without having any knowledge of the organization of such a regiment, he was chosen its Colonel. And now he is called on to give an account of its brave and valorous deeds under his command. That he will do full justice to the work, and credit to himself, we are confident. His careful methodical manner of thought and observation, renders him amply fit for the work, and by far the best choice that could have been made. Success to you General.

Prof. Thach has issued an English Bulletin, showing the work of his department and offering many valuable suggestions for the students, as well as giving much interesting information to those unacquainted with the routine.

On next Saturday delegates from the prominent Southern colleges will meet in Atlanta to attend such regulations and make such organizations as will most effectually exclude professionalism from football in the South. That this is a good movement is evident. Professionalism should be suppressed at any cost. Too long has a unified movement of this kind been delayed. Let us hope for success for the convention. Manager Riggs will go as our delegate.

## A FOREGONE CONCLUSION.

In the local column of the Birmingham Age-Herald of December 13th, we noticed this paragraph:

"By special request Messrs. Norman Jones and Jim Shelley will give a sparring exhibition tonight at the Athletic club."

Such news as the above should not be lightly passed over, for it will be observed that, one of the participants in the contest is a student of the University of Alabama, at Tuscaloosa. Dear Crimson-White, isn't this so? How is it then that he has left the University to go on a sparring tour apparently? We can think of only one explanation: The importation of Messrs. Kirkpatrick and Devin of North Carolina and others that are too numerous to mention (see our last issue) must have cost the football management a great deal of money, and probably Mr. Jim Shelley of the United States with feelings of

charity and disinterestedness, is now "starring" for the benefit of a depleted treasury. We suggest that he might add to his repertory a few choice stories, such as "The best method of 'laying out' a quarterback," "Professionals in football and its benefits," "How to pass one's time while waiting for something 'to turn up,' etc., etc.

We trust Mr. Shelley, as a representative of our sister institution, had a good audience; for Birmingham knows from experience what a reputation certain members of the Tuscaloosa team have in a pugilistic way. A bright and shining light in this sphere is Mr. Eli Abbott, recently appointed gymnasium director at the U. of A. Certainly Mr. Shelley in his palmiest days could not equal Mr. Abbott, for the latter knocked out three men in a little over an hour. What a pity, then, that both Messrs. Abbott and Shelley could not have come over to Birmingham to give a sparring exhibition! and in case they were equal in sparring, it would have been well for Mr. Shelley to try to kick Mr. Abbott in the stomach, while Mr. Abbott could have returned the compliment by jumping on Mr. Shelley with his knees, and both might have exclaimed, "What great boys are we!"

It is strange that Mr. Shelley is permitted to leave the University at this time, as he must have gotten somewhat behind on his books during football season. Some players do you know. We respectfully ask our worthy contemporary, The Crimson-White, why it is one of the football players can, after the season is over, go "gadding about" the country on a Sparring tour. But then Mr. Shelley may have resigned from the University, as his presence seems no longer needed there. How about that, Crimson-White?

## TOO LATE. TOO LATE. TOO LATE.

They solicit the trade of the young gentlemen of the College.  
Hudmon Corner, Opelika, Ala.

## LOCAL AND PERSONAL.

Miss Heck, of Nauvoo, Ill., is here spending the winter with her sister, Mrs. Dr. Carey.

Miss Emily Kline is spending the winter with her uncle, Mr. Theo. Kline of Savannah, Ga.

Prof. Smith attended the annual Conference of the M. E. C. S. at Brewton several days last week.

Be sure to read the Kansas Book Co's. advertisement in this issue. It does not appear again, and it may interest you.

Carry the ORANGE AND BLUE home with you and show it around, work up some subscriptions among the alumni, and then consider that you've done a good thing for your college.

On Friday evening the 7th inst. Dr. Cary delivered the fourth of the series of faculty lectures, his subject being The Exterior Anatomy of the Horse. The lecture was illustrated by models and drawings. Dr. Cary has a ready command of language and his lectures are intensely interesting and always to the point.

Misses Knowlen and McCulloch, who have been visiting the family of Col. Bondurant, have returned to their homes in Washington and Natchez, respectively.

Dr. Foreman has opened a drug store on Main street with Mr. Will Jackson as clerk.

Dr. and Mrs. Cary entertained the German Conversational club most royally on Tuesday evening the 11th inst. The conversation being in German did not prevent the club from enjoying the good things set before them. It was a case of talk or not eat and they all talked. The entertainment was enjoyable in the extreme.

Sunday's Daily Advertiser, Montgomery, contains the following in part:

"Unquestionably the course of lectures being delivered this winter by competent scholars under the auspices of the University Extension club of Montgomery, will be the means of broadening and increasing literary taste and knowledge among our people. Professor Thach's series of papers on the "Reign of the novel" are gems of style and are rich in thought and beautiful diction. Next month Prof. Petrie also of Auburn, will deliver a series of four lectures and other scholars will follow him, each with four lectures and the subject will embrace the various university branches of popular education."

There is talk of requiring seniors to stand oral examinations before the faculty previous to graduation, as the "Posts" do now, what do you think of it '95?

On last Friday the remains of Mrs. M. G. Carr were laid to rest in the Auburn cemetery. The funeral services were conducted by the Rev. C. L. Chilton who had been called from Brewton by wire. Mrs. Carr was a highly esteemed Christian lady. She left but one child, Miss Alice, to mourn her loss.

The last meeting of the N. T. Lupton Conversational club before Christmas was held at the residence of Prof. Wilmore on Saturday evening the 8th inst. Prof. Petrie read an interesting paper on George Maurier. The introductory program consisted of an instrumental trio by the Misses Whitaker, a piano solo by Miss Fannie Toomer and a very appropriate vocal solo, "Ben Bolt," by Miss Kinnier of Va.

Two class games of foot ball have been played thus far. After Christmas the teams must be thoroughly organized and some interesting contests will be waged.

Cadet Lienkauf, '97, of Mobile, has resigned college.

Quite a number of Auburn people attended the concert given by the Schubert Male Quartette in Opelika last Thursday night. Recitations and harp solos by two young ladies of the troop completed the program. With the exception of disorderly applause (at times) and the animated conversations of several local belles the concert was pronounced a flattering success.

WANTED:—Designs or originals of badges of the Wirt and Websterian societies in use prior to 1880.

Who will be our next Post Master? several are candidates for the place, among them uncle "Crawf" Dowdell, Mr. Oscar Moore, Mr. L. W. Payne, Sr., and Mr. Marshall Hunt. All deserve the place and we want to see that one successful who will keep up the reputation for quick delivery and efficient service. The present Post master, Mr. J. H. Williamson, retires with the satisfaction that he has served faithfully. We regret to lose him but his age does not permit him to continue in office.

Cadet G. S. Carden, '98, of Center, has returned to College after an absence of a few weeks.

Students not finding the books in the Library desired will please patronize the extensive library of D. Walker. He serves in the capacity of Librarian every Tuesday and Thursday afternoon from 2 till 4.

R. C. Foy, '94, of Eufaula, was in town a few days last week, shaking hands with old friends and acquaintances. We learn that Bob has received the West Point appointment from this district. We wish him success.

Cadet D. S. Wright '96, of Macon Ga., has resigned college on account of serious swelling in his right hand.

Cadets S. H. and C. E. Goulding of Pensacola, Fla., have resigned college to accept positions in the mechanical business.

Our professors are in demand. Prof. C. H. Ross lectured before the

Commercial Club of Montgomery during the first of the month, on Henry Timrod. Prof. Thach lectured to the same club, on the 7th and the 13th, his subject being "The Reign of the Novel." These lectures were enthusiastically received by the Montgomerians. Prof. Petrie will give two lectures before the club in January.

The election of Mayor and Town Council comes off on the 5th of January. Since January this year a marvellous change has taken place in this town. Streets levelled, elevations given a proper slope, ditches dug and drains put in, substantial bridges made, trees planted, streets cleaned, in fact every thing tends to please and gratify the eye. Such a state of affairs was never known in Auburn before. Can any one say that this great change has not produced in him a clearer idea of citizenship and has not added to his sum total of happiness during the past year? We have now a little city which for its beauty, well kept streets and officers cannot be excelled in the state. Let the good work on. Our reputation demands it.

Miss Lula Persons has returned from a visit to the family of her uncle, Mr. Remus Persons, of New York City.

On last Wednesday afternoon Mrs. Prof. McKissick gave an enjoyable tea in honor of Miss Ella Lupton and her visitor, Miss Harris, of Nashville.

### TO THE ALUMNI.

The KAPPA ALPHA JOURNAL is still under the able management of Jno. Bell Keeble '87 of Vanderbilt Chapter. It is a bi-monthly Magazine and is well illustrated. Price \$1.50 a year. Subscribe now and receive the first number of Vol. XII.

### EXCHANGE NOTES.

THE ORANGE AND BLUE is glad to acknowledge the receipt of a number of well edited college papers and magazines. Among the number received are the Sewanee Purple, The Crimson-White, The Black and Red, College Spirit, Tar Heel, The White and Blue, The Georgia Tech, The College Reflector, The Rose Technic, University Monthly, The Aux, The Erskinian, The Howard Magazine and the Elon College Monthly. We hope that these magazines and papers will always resound such pleasant and profitable literature as they have done in the past and are doing in the present.

Father (to son at late hour). "Sir! Did I not tell you to come in by a quarter of twelve.

Eastern boy:—"Was you ever in a game of foot ball?"

Western boy:—"No, but I was once in a drove of stampeded mules."

Harvard had over seventy candidates for the Freshman foot-ball team.

We regret to hear that the publication of the Sewanee Purple will be suspended during vacation. The Purple with its well selected contents and neat appearance is a paper of which the Sewanee boys ought to be proud. We will miss it from our table. We wish the editors a pleasant vacation.

The public free schools of the United States are at present educating 13,250,000 children.

Governor Flower of New York, has signed a bill making hazing a misdemeanor, punishable by fine and imprisonment.

President Harper gives the average salary of the college professor as \$2,015 and the instructor as \$1,470.

The following rather staggering question was recently asked by one of the members of '95: "If the Review of Reviews reviews the reviews, with review of reviews will review the reviews which review the review of reviews.

I pray thee dentist, soon commence,  
To do what I shall beg.  
This tooth pull out with violence,  
But gently pull my leg.

# ALUMNI PERSONALS.

R. J. H. Simmons, '86, "old Bob," is teaching in Ozark, Ala. He was married in 1886.

C. W. Simmons, '87, M. S. and Tutor '88, after graduation taught in Goodwater and Faunsdale, Ala. He is practicing law at Geneva. He is married.

V. L. Allen, '87, M. S. and Tutor '88, is practicing law in Birmingham. He was lately Prof. of English at the Ga. Military Institute, Edgewood, Ga.

F. H. Perry, '87, since graduation a teacher in the Barton Academy, Mobile, is Co-principal of the Tuscaloosa Female College, Tuscaloosa, Ala. He is married.

Daniel Gillis, '90, M. S. and Tutor '91, for three years Principal of the S. E. Agricultural school at Abbeville, is Principal of the public school at Brewton. He was married on the 11th of Oct. to Miss Martha Hobdy of Snow Hill, Ala.

B. S. Burton, '86, M. S. and Asst. '88, is a prominent physician of Valdosta, Ga. He was united in marriage in Dec. 1893 to Miss Mary Head of Auburn.

L. W. Wilkinson, '86, M. S. '87, for six years 1st Asst. Chemist here, is an applicant for the degree of Ph. D. in one of the celebrated universities of Germany.

H. C. Armstrong, '87, after graduation Secty. to Hon. Wm. C. Oates and Asst Librarian of the A. & M. College 1890-1-2, is U. S. Consul at Grenoble, France.

T. P. Zellars, '86, genial "Pete," is drumming for a hardware firm in Atlanta. He was married some time ago but we have no particulars.

W. E. Davis, '87, Opelika, after six years in the railroad business is now in the grocery business with his father-in-law, under the firm name of Davis and Cole, Opelika. He was married in 1888 to Miss Annie Cole and two children bless their union.

We have heard that R. C. Foy, '94, has received the appointment from this district to West Point. We all remember Bob as "tackle," and wish him well.

C. B. Glenn, '91, M. S. and Tutor '92, of Auburn, after two years as Asst. Librarian here, has a splendid position as Prof. of English at the S. W. Agricultural School, Evergreen, Ala.

W. H. Oates, '91, of Mobile, after following the insurance business for a year, is now to be found with the Marshall-Quarles Drug Co., of Mobile, in the capacity of chief chemist.

C. L. Hare, '91, M. S. and Tutor '92, of Auburn, after a year at the

University of Missouri as Asst Chemist, was elected 2nd Asst Chemist in the Laboratory here, where he is now to be found discharging his duty in a very satisfactory manner.

F. A. Lupton, '91, M. S. and Tutor '92, of Auburn, after holding very acceptably the position of Asst. Chemist in the Laboratory here for two years, has entered the Johns Hopkins University, Baltimore, Md., where he will pursue a medical course.

C. W. Ashcraft, '88, after graduation was Prof. of English in the State Normal College, Florence, and bookkeeper at Bluff Spring, Ala., is now publishing the Opelika Post in Connection with T. D. Samford, '88. Good luck to the Post.

G. W. and S. J. Emory, '90, Opelika, after spending two years at the Louisville Medical College and the same length of time at Tulane, are practicing in Navasota, Tex. "Wood" always takes in the public exercises of the College and is quite an enthusiastic alumnus.

A. M. Lloyd, '89, M. S. and Asst. in Botany '91, after two years as Asst. Botanist in the College and one year as Chemist for a mining company at Piedmont, has a fine position as Asst. Chemist at the McCandless Chemical Laboratory, Atlanta.

J. R. Clower, '89, of Opelika, has a lucrative position with the Clarence Knowles Co., Insurance, Equitable Building, Atlanta. For two years after graduation he was in the insurance business in Montgomery.

G. F. Broun, '88, M. S. and Tutor '89, after graduation from the medical schools of the University of Virginia and of New York City, has settled in Birmingham to practice his profession. For the past few months he has held the position of extra-Asst. Physician at the State Asylum at Tuscaloosa.

S. C. Pitts '86, of Alabama, C. E. '89, Asst. in Drawing and Mechanics 86-89, is Engineer in Charge of Construction, Playa do Oro Ma'fg. Co., Tumaco, Republic of Columbia, S. A. From 1884-94 he received valuable practice in his profession in the mountains of W. Va., where he accomplished some difficult tunnelling. His salary is increasing monthly and is way up in G.

J. H. Little, '90, is conducting a farm on scientific principles near Auburn. He was married not long since to Miss Askew of this place. A long life to the happy couple.

W. B. Matthews, '90, of Americus, Ga., is Conductor on the S. A. M. railroad from Americus to Montgomery.

F. D. Milstead, '90, of Tallassee, is

general manager of the Tallassee Cotton Mills. He is married.

H. F. Dobbin, '92, is growing Oranges at his home, Altoona, Fla.

L. P. Heyman, '92, of West Point, 1st honor in C. E. Course, M. S. and Tutor in Math. '93, is taking a course in Math. at Harvard University. He was one of the brightest men in his class and was '92's Prophet on Class Day. The Alumni Society honored him with Poet's place in '93, and again in '94 he filled the position with great credit.

R. L. D. McAlister, '92, of Atlanta, Ga., Historian of his class, completes his law course at the University of Va. this year.

E. H. Graves, '92, Eufaula, is a traveling salesman with headquarters at Atlanta. He was at the Tuscaloosa-Auburn game.

C. T. Pollard, '92, of Montgomery, completes his medical course at the University of Va. this session.

R. C. Smith, '91, of Cusseta, after graduating in the law department in Tuscaloosa, has settled down to his profession in Opelika.

H. Benton, '91, M. S. and Tutor '92, is in charge of the Agricultural Station at Uniontown.

F. J. Bivins, '91, of Auburn, is teller in the First National Bank of Cordele, Ga.

S. J. Buckalew, '91, Cusseta, C. E. and Tutor '92 and Asst. in Mechanics '93, is in the insurance business.

W. T. Glass, '91, Columbus, Ga., is practicing medicine in Dickson, Ark. "Tommie" is married, but he did not favor us with an "invite."

J. C. Kimball, '91, Atlanta, Ga., after graduating in law at Athens, prac-

ticed for a short time in Atlanta. He is now located in Birmingham.

C. H. Ross, '86, of Auburn, C. E. '88, is professor of Modern Languages A. and M. College, Auburn. He was at Johns Hopkins 1889-91 where he received a fellowship and the degree of Ph. D.

B. B. Ross, '81, of Auburn, M. S. 85, is State chemist and Professor of Chemistry at Auburn. After graduation he clerked in a Dry goods store, and then went with a surveying corps to Mexico. From 1885 to 1894 he was State Chemist of La., and Prof. of Chemistry in the La. University at Baton Rouge. He is an authority on sugar. Numerous scientific societies have elected him to membership. At the recent meeting of the Association of Agricultural colleges in Washington, he was chosen Vice President. Scarcely thirty he has a reputation which a person of twice his years might envy. His natural height does not preclude further rise in his profession. Witty, congenial and devoted to the interest of the students and his profession, "Bennie" is admired by all.

D. B. Mangum, '83, of Auburn, has a responsible position in the R. R. service with headquarters at the city of Mexico. He recently made a visit to his parents, in attendance on the annual family reunion. His old friends were glad to see him and hope he will call often.

J. A. Cox, '91, of Auburn, has a responsible position in the Electric Light works of Birmingham, Ala.

J. W. Bivins, '90, of Auburn, is Secretary and treasury of the Cordele Guano Co., Cordele, Ga.

J. M. McNAMEE, President.

J. B. GREENE, Cashier.
